

Swim-Pro™ Swim & Fitness Spas

Experience the ease of owning your own swim spa and feel the benefits of a healthier lifestyle

Embrace the ultimate aquatic workout experience with a Swim-Pro™ Swim & Fitness Spa. Enjoy the convenience of a complete aquatic exercise regimen in the comfort of your own backyard. Swim-Pro™ Swim & Fitness Spas are precision engineered to offer resistance swimming against a smooth current that is adjustable to your speed and ability. Increase your strength with optional training accessories that target major muscle groups.

Experience the ease of owning your own swim spa and feel the benefits of a healthier lifestyle!

COMMANDER™ - 12 Person Swim Spa
F-1681 • 81 Jets
 93"W x 200"L x 51"H • 81 Jets
Jets: 77 | Swim Jets: 4

Swimming Exercises: Swim Spas are designed to give users an excellent strength and aerobic swimming exercise routine. You'll be able to swim with speed and grace thanks to the powerful and focused swim jets featured on every Swim Spa. With these jets producing a water current that matches your swimming skill level, you'll always have a great workout every time you go for a swim. Fully adjustable speed and temperature controls allow you to customize each swim session.

Targeted Muscle Groups: Back, Arms, Legs, Chest, Shoulders

Rowing Exercises: Swim Spa rowing exercises are a fun way to develop strength for your back via a pulling motion. Building a strong back protects your body from injury and reduces the strain caused by sitting during the day. Rowing strengthens all of the body's major muscle groups and can even become a great cardiovascular exercise at higher intensity speeds. Unlike many exercises that only focus on individual muscles, rowing focuses on major muscle groups in the chest, back, and arms.

Targeted Muscle Groups: Back, Chest, Arms

The Incredible Swim Spa Exercise Features

FITNESS™ - 6 Person Swim Spa
F-1222 • 22 Jets
 93"W x 141"L x 42"H
Jets: 21 | Swim Jets: 1

SWIM PRO™ - 11 Person Swim Spa
F-1325 • 25 Jets
 93"W x 151"L x 51"H
Jets: 23 | Swim Jets: 2

FREESTYLE™ - 6 Person Swim Spa
F-1420 • 20 Jets
 93"W x 170"L x 51"H
Jets: 19 | Swim Jets: 1

Bicep Building Exercises: Swim Spa exercise cables allow you to focus on your biceps. Strong arms are vital for getting a great body that is not only toned but also functional. Swim Spas enable you to have incredible workouts that feature powerful arm-building exercises for the ultimate in strength training.

Targeted Muscle Groups: Arms

Spa Jogging & Running: Thanks to precision engineering and advanced aquatic design, users are able to jog and run in their Swim Spa! Due to the support provided by water buoyancy, users will now be able to enjoy a great cardiovascular exercise without any undue stress on their joints and bones. With a variable speed water current, Swim Spas allow users to develop stronger and more flexible legs.

Targeted Muscle Groups: Legs

Recovery Seat: The most important time after exercising is during the recovery period. To help facilitate your body recovering faster, Cal Spas is proud to offer a Recovery Seat in each Swim Spa. Each Recovery Seat is equipped with precisely positioned water jets that massage the body's sore muscles. This aids in reducing the time it takes to recover while also helping to alleviate post-exercise soreness.

Targeted Muscle Groups: Full Body

Relaxation: Swim Spas aren't just designed for fitness. Their spacious size and additional seating makes them an excellent spa for partying with friends and spending time with loved ones. Your friends and family will love how amazing it is to sit back and unwind! Additional features like fountains and LED lights make for an incredibly entertaining experience at night!

Targeted Muscle Groups: Full Body

Swim-Pro™ Swim & Fitness Spas

Hydro Streamers

This feature has LED lights that enhance the beauty of hydrotherapy for an enjoyable visual experience inside or outside of the spa.

Stainless Steel Candy Cane™ Jets

This powerful Jet Propulsion System provides the greatest spa experience for up to seven people at once.

Cascade Pillows

Add unique style and comfort to your hydrotherapy experience. Comfortable pillows accent the spa and provide the perfect amount of support.

Whisper Power Unit™

BP20X Equipment with Spa Touch topside control featuring a larger LCD screen that lets you conveniently adjust spa functions.

Swim-Pro™ Swim & Fitness Spas

These amazing spas are equipped with Thermo-Shield™ foam insulation and Hydro-Armor™ spa covers to help reduce heating costs and save you money over time.

UL Rigorously Tested

All Cal Spas swim spas are certified to meet and exceed all standards of compliance.

1 Fibersteel™ Construction

A seven layer system with a metal insert adds structural integrity which is reinforced with both steel and wood. Cal Spas offers the thickest fiberglass backing available in the industry. Each beam helps protect your investment from damage and lowers heating costs. The Durable Integrated Frame ensures lower heating bills by surrounding the hot tub in an extra layer of protection.

2 Designed for Comfort

Each swim spa seat features PurePlush™ Comfort Pillows for the most relaxing hydrotherapy experience. (Shown below with optional LED lighting.)

3 Floor Mounted Swim Lane Marker

(on most models) This visual aid placed at the swim spa floor helps keep swimmers aligned in the center of the swim spa's water current for maximum swim resistance. Swimmers who remain in the center of the swim spa enjoy the most optimal exercise experience and achieve their fitness results faster.

4 The Complete Aquatic Workout

The fitness handle bar and fitness anchors are standard in all swim spas with the Optional Cal Spas Exercise Equipment: the Cal Spas exercise equipment set with a storage bag.

5 Cal Spas Tether Bar Kit

Cal Spas Swim Spas include a tether anchor for the optional Cal Spas Tether Bar Kit which helps center swimmers during their swimming routine.

6 Hydro-Pro Swim-Mill + Resistance I™ (F1420 & F1222)

7 Hydro-Pro Swim-Mill + Resistance II™ (F1437)

8 Hydro-Pro Swim-Mill + Resistance IV™ (F1641 and F1781)

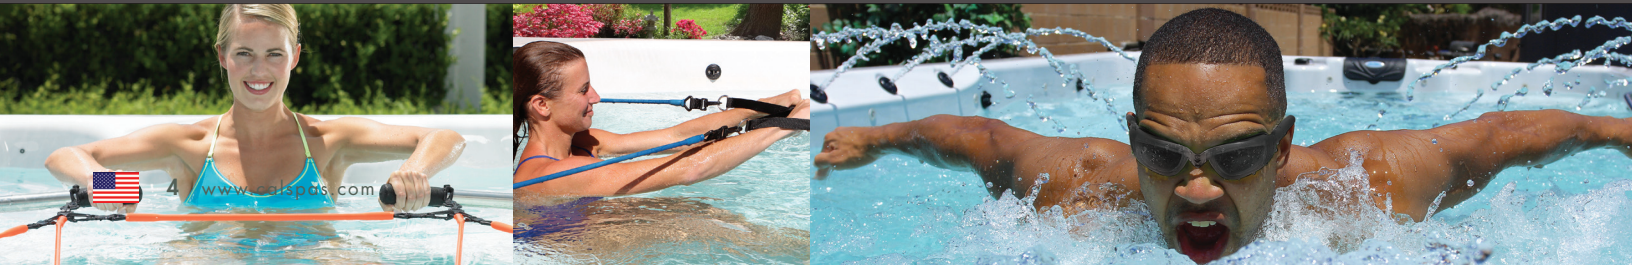

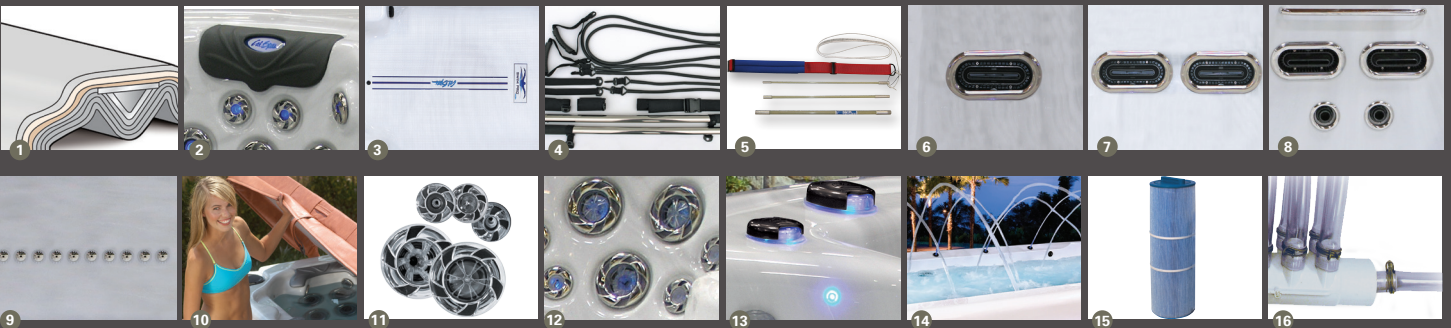

The adjustable Hydro-Pro Swim-Mill + Resistance Propulsion System offers swimmers various levels of water resistance. When the jet nozzle is directed downward, the swimmer will experience a decreased level of resistance. If the jet nozzle is directed upward, the swimmer's resistance will dramatically increase. This allows swimmers of various skill levels to enjoy a fitness routine suited to their capabilities and goals.

9 JetStream Stabilization System™ for Swimmers (F1781)

The exclusive JetStream Stabilization System™ featured in our F1781 fitness spa uses water pressure to help keep swimmers in place as they swim against the powerful underwater current generated by the spa's main swim jets.

10 Hydro-Armor™ Spa Cover with 5"-3" Tapered Design

A tapered edge and angle downward from the center prevents precipitation from pooling. Each is 100% marine-grade with a vinyl top that is filled with and supported by 18-gauge steel C-Channel beams.

Cal Spas offers Seven types of swim spas—known as the Swim-Pro™ Swim & Fitness Spas—for all fitness levels from beginners to health enthusiasts and even professional athletes. With these swim spas you have the convenience of a complete aquatic gym right in your very own backyard. The Swim-Pro™ Swim & Fitness Spas are designed to provide the best aquatic workout through treadmill swimming and strength training.

11 Exclusive Stainless Steel Candy Cane™ Jets

Featuring an adjustable On/Off design, these jets are carefully placed along the lines of the body, allowing you to massage away stress while comfortably leaning back in the luxuriously designed seating. With the Steel Candy Cane Jets, you'll be enjoying the highest quality hydrotherapy and relaxation experience available.

12 Exclusive Hi-Light™ LED Jets

This optional light feature enhances jets with bright LED lighting which can be programmed to alternate among seven colors on two color modes or shine a single hue with on/off functionality.

13 Individual On/Off Flow Control

Our convenient control valves allow you to direct the flow of spa water to different areas of the spa. Optional LED lighting available.

14 Hydro Streamers™

These eight breathtaking LED Hydro Streamers™ instantly turn any backyard into a beautiful tropical paradise on selected models.

15 Exclusive Bio-Clean™ Antimicrobial Filter with Weir Gate

Our Eco-friendly Bio-Clean™ Antimicrobial Filter utilizes a special antibacterial agent that is molded into the fabric. This unique protective agent prevents harmful microbes and bacteria from reproducing and reentering your water system ultimately minimizing the need for chemical sanitizers during regular cleaning and maintenance.

16 Triple Lock™ Plumbing

All water manifolds feature Barbed, Glued and Clamped connections for the most secure glue joints possible.

17 VGB Approved Vacuum Break Intake System

Designed for increased performance and enhanced safety, our larger capacity VGB vacuum break intake system eliminates the need for multiple intakes. The safety break feature automatically reduces pump suction in the event of an obstruction or intake blockage.

18 Exclusive Whisper Power Unit™ Control System

State-of-the-art controls make Cal Spas Swim Spas very easy to use. Advanced technology automatically keeps spa water at your desired temperature.

19 WhisperHot™ 5.5 kW Titanium Heater

Titanium's inert properties resist corrosion and calcium build up making it the most advanced and reliable heater in the industry.

20 High Performance 6.0 BHP Swim Jet Pump

This is one of the most reliable motors in the industry because it features fewer moving parts. These motors feature two independent winding speeds for maximum efficiency and durability, and a reverse-flow cooling system that keeps the motor cool and extends its lifetime.

21 5" LED Spa Light

Add a touch of romance to your Swim Spa. The LED light can be programmed to alternate among seven colors on two color modes or steadily shine your favorite hue.

22 PureSilk™ (CD) Ozonator

Ozone (O3), an extremely effective oxidizer, is injected into the spa water to oxidize organic waste. This oxidation process frees up the sanitizer to be more effective in destroying harmful microorganisms and killing bacteria - reducing the amount of chemicals needed. (Only available on select models)

23 Synergy™ Clear Water System

The safest way to disinfect your hot tub water naturally combines water treatment technologies to reduce the use of chlorine, bromine and other sanitizers to provide you with peace of mind and an organic way to enjoy your spa worry-free. (Only available on select models)

Synergy™ Clear Water System Components Pure Silk™ (CD) Ozonator

Injects ozone into the spa water where it can kill/neutralize bacteria and other water borne pathogens making your spa water cleaner & safer to enjoy.

Pure Cure™ UV Purification System

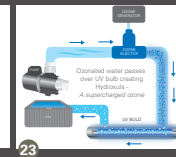

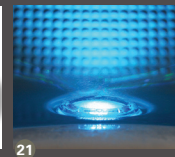

UV does not add chemicals to the water and won't interfere with the oxidation process of injecting ozone. UV also has zero impact on the water balance levels. Our Pure Cure™ UV System exposes microorganisms to UV light, killing them instantly, and preventing them from reproducing.

24 iSound™ iPod Stereo System

Start the party with the optional iSound™ iPod Stereo System & FM receiver, speakers, and floating RF remote. Just plug your iPod, iPhone, or iTunes into the dock and adjust the volume for your favorite soundtrack on demand.

Integrated Bluetooth Sound System with (4) Speaker

Control the optional Integrated Bluetooth Sound System with your personal smart devices. Manage the music and volume from the convenience of your smart phone, tablet, and wireless headsets.

Pro Trainer™ Turns a Beginner into a Pro

Cal Spas Pro Trainer™ provides an ideal aquatic workout and the ultimate swim resistance all in one swim spa. The Pro Trainer system is powered by multiple 6.0BHP variable speed pumps, which deliver smooth and consistent swim resistance at the touch of a button.

Now is your chance to experience the convenience of a complete aquatic exercise regimen from the comfort of your own hot tub! With a Swim Spa, you'll be able to increase your strength and burn calories using training techniques that are designed to target major muscle groups. Transforming your body has never been easier or more fun!

Swim Spas are for more than just fitness. Entertain guests and friends while relaxing in comfort as you enjoy the soothing massage jets featured in every Swim Spa. Now you can exercise in the morning and party at night in the same spa! Your spa can now become both your own personal fitness center and your relaxation zone where you can unwind!

The Cal Spas Pro-Trainer™ Swim System allows swimmers to adjust the swim resistance through all of the swim jets simultaneously. With up to 6 different speeds, the Pro-Trainer system provides swimmers equally balanced swim resistance, from a gentle low resistance aquatic workout all the way up to an aggressive swim pace.

The Pro-Trainer™ system also features a "Swim Pro Workout" button, which allows swimmers to program their own variant training session. When the swimmer pushes the button, it will automatically increase and decrease swim speed in timed increments, providing a treadmill-like swimming experience.

The Cal Spas Pro-Trainer™ option is the perfect upgrade for people looking to elevate their swim and fitness experience.

Here Are Some AMAZING Swim Spa Benefits:

- Relax and unwind as you enjoy comforting massaging water jets!
- Get in shape while in warm water!
- Enjoy time with loved ones and make special spa memories!
